WALDEMAR KOLBUSZ *NOW*

New works concerning experiences we may all share, or want to share in contemporary everydayness, with consideration of the increasingly blurred difference between what we actually experience and what we convince ourselves (and others) we think should be the case.

These works slow down the moment, in the hope to reclaim feelings and experiences as truthfully our own.

PERTH 7 MAY – 9 MAY 2021

Kolbusz Space respects and acknowledges the Whadjuk Noongar people past, present and future as the traditional carers of the land where the space is situated, and supports their hopes for the future, the positive role arts can contribute to this, and the wellbeing of all of us together.
