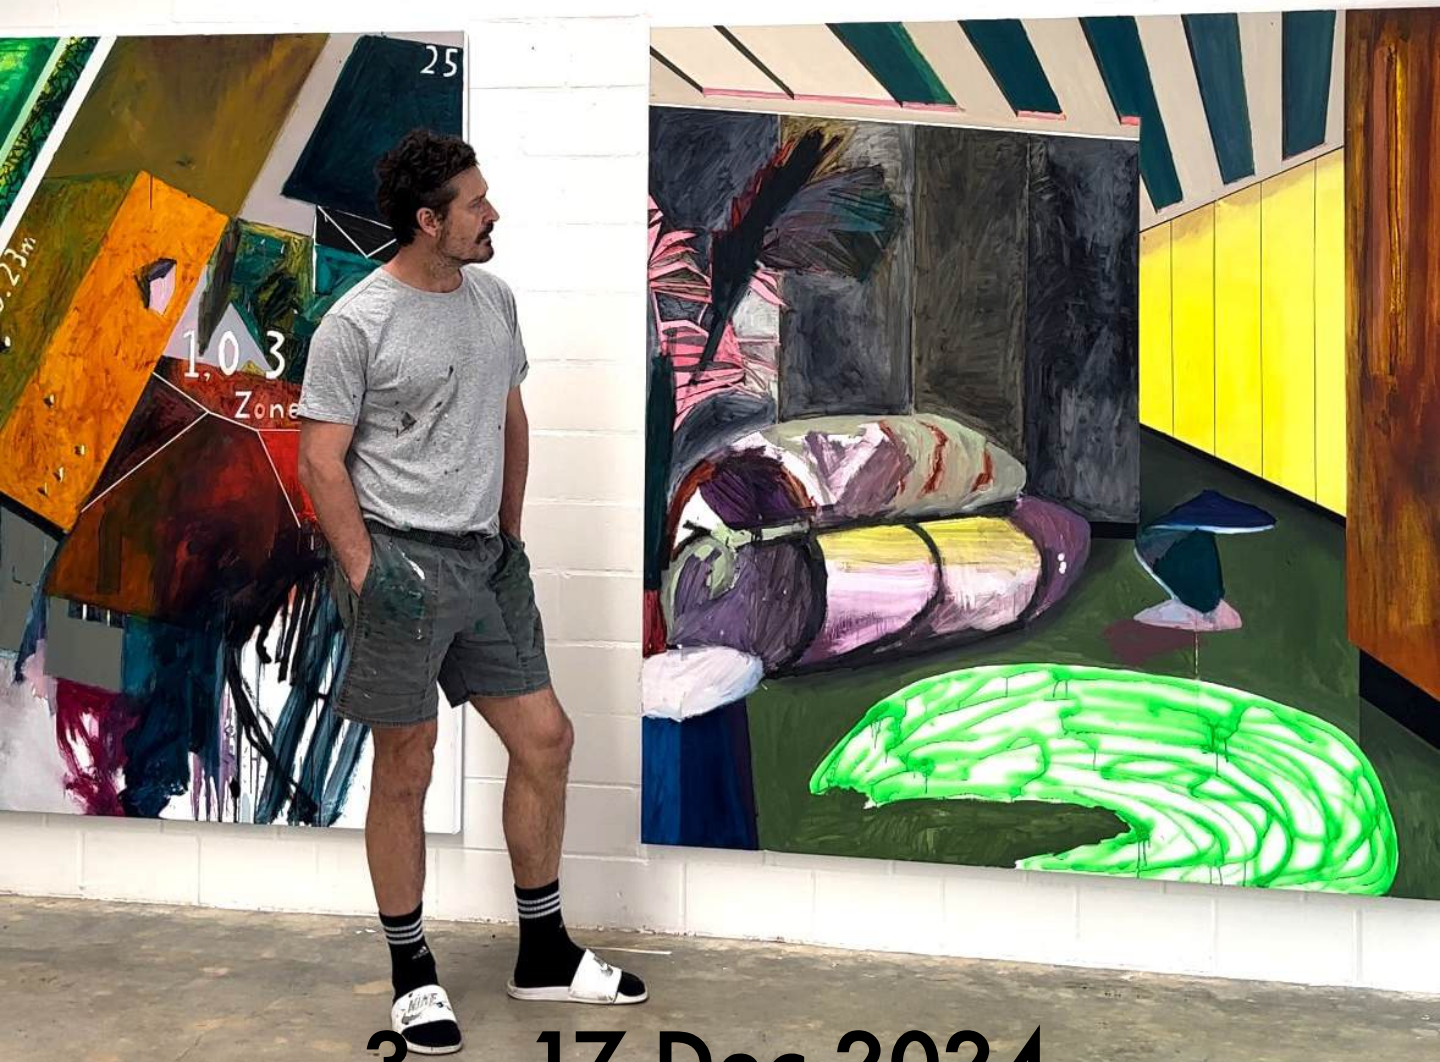
WALDEMAR KOLBUSZ

Stay Here



3 – 17 Dec 2024

.MContemporary, SYDNEY

Waldemar Kolbusz's new works for *Stay Here* are about pulling back from fast images, fast emotions, manufactured moments and more carefully invite consideration toward something more authentic.

With our sense of what matters skewed by a craving for instant gratification, shallow adrenaline rushes, vapid connections and rapid lifestyles; the pursuit of deeper self-examination or present-moment awareness is frequently avoided. While this is fine on occasion, this avoidance has evolved into a pervasive contemporary addiction.

Waldemar Kolbusz lives and works in Boorloo / Perth and has been painting full-time and exhibiting regularly for over two decades. His works have been commissioned for major projects and are in numerous collections nationally and internationally.
